GET INVOLVED!

Recruitment

jobs.fremontpolice.gov

We're always looking for talented applicants to work at Fremont Police Department! Openings are available for police officers, dispatchers, administration, part-time positions, and more.

Neighborhood Crime Watch (NCW)

fremontpolice.gov/NCW

Neighborhood Crime Watch (NCW) is a partnership between residents and law enforcement to improve safety and prevent crime. NCW block captains organize neighbors to look out for one another and report crime in the neighborhood.

Volunteers In Police Services (VIPS)

fremontpolice.gov/VIPS

Our volunteers are a valuable part of the Police Department. Volunteers perform neighborhood patrol checks, engage with the community at events, and provide other support functions.

Explorer Program (teens 14 – 18)

fremontpolice.gov/explorers

Explorers learn about careers in law enforcement by participating in activities such as community events, ride-alongs, traffic control, and school visits. FPD Officers lead weekly meetings to aid Explorers in career development and leadership training.

Surveillance Camera Registration Program

fremontpolice.gov/videosurveillance

Register your cameras with FPD so that officers know to contact you to obtain access to footage that may aid investigations of crime in the area. The video surveillance page also includes resources for setting up your own surveillance camera system.

Trespassing Agreements and Court Orders

fremontpolice.gov/trespassing

Property owners may enter into a trespassing agreement with FPD, which authorizes officers to enforce laws against trespassing violations committed on the property.

Alarm Permits

fremontpolice.gov/alarmpermits

All businesses and residences with a "verified response type" alarm are required by City ordinance to obtain a permit. If your alarm system is monitored or audible, apply for a permit.
